

Wall grille

11002011

AC 161 terminal - aluminium

The AC 161 aluminium filtered hinged wall grille enables air extraction on all ventilation and air-conditioning systems.

Grille AC 161

PRODUCT BENEFITS

- built-in filter,
- easy to open on stainless steel hinges, closed with thumb screw.

Principles of operation

The AC 161 single-deflection grille has fixed horizontal vanes to deliver the right air extraction level in a room. Furthermore, it contains an easily-accessible filter as the grille opens on hinges.

Product description

The AC 161 wall grille is made of anodised aluminium. It features a single deflection with fixed horizontal vanes at a 40° incline. It offers a hinged front face and a built-in filter.

Fields of application

New, Refurbishment, Non-residential buildings

Installation

- for installation on wall.

Main characteristics

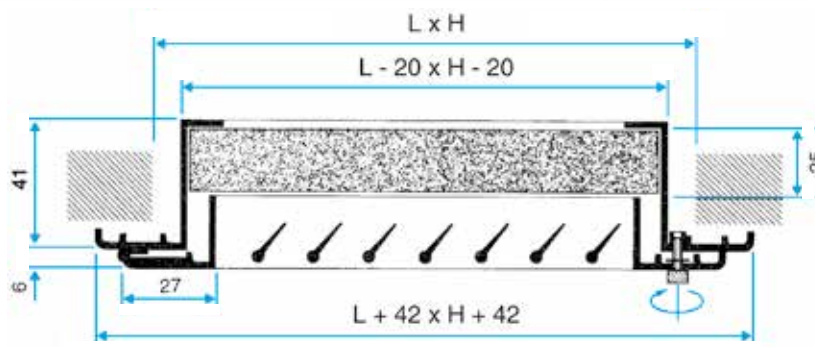

- horizontal fixed vanes, 40° incline, 20 mm pitch,
- anodised aluminium finish.
- easy to open on stainless steel hinges, closed with thumb screw,
- G3 filter with M1 fire rating.
- dimensions from 172 x 122 to 1,222 x 622 in increments of 25 mm.
