A0123Z F0 598X598 RAL9003 30% STD

The AO 123 aluminium ceiling grille enables air extraction on all ventilation and air-conditioning systems.

A0123Z F0 598X598 RAL9010std

PRODUCT BENEFITS

- easy to install: dimensions suited to 600x600 mm suspended ceiling tiles.

Principles of operation

The AO 123 frameless grille with 15x15 mm square mesh enables good air extraction in the place of a suspended ceiling tile.

Product description

The AO 123 frameless grille has a 15x15 mm straight square mesh. It is installed in the place of a suspended ceiling tile.

Fields of application

New, Refurbishment, Non-residential buildings

Installation

- installed in place of suspended ceiling tile,
- gravity attachment on T-bar frame.

Reference arguments

AO 123 Z

- 15 x 15 mm straight square mesh grille without frame. AU 123 Z
- AU124 Z straight square mesh grille 15 x 15 mm with slim 5 mm frame.
- 15 x 15 mm square mesh grille 45° incline with slim 5 mm frame.
- Aluminium with epoxy paint finish, RAL 9003 White 30%. AO 251
- Grille with fins at 45° incline.
- Anodised aluminium with natural finish or epoxy paint RAL 9003 white 30% (model AO 251). SC 370
- Slotted plate with 45% free air passage, no frame.
- Steel with epoxy paint finish, RAL 9003 white 30%.
- Gravity attachment on T-bar ceiling system.
