

Outdoor grille

11052242
AR 637 Ø 200

The AR 637 outdoor circular wall grille is used for air intake or contaminated air outlet, with no risk of rain ingress due to the form of its vanes.

AR637 F0 D200

PRODUCT BENEFITS

- easy to install: circular connection,
- ideal for ventilation airflows.

Principles of operation

The AR 637 aluminium circular grille enables indoor air to exit the building and outdoor air to enter to renew the indoor air. The form of its vanes prevents rain from entering.

Product description

The AR 637 is a wall-mounted aluminium outdoor circular grille with horizontal vanes acting as a rain guard.

Fields of application

Multi-occupancy residential housing, New, Refurbishment, Non-residential buildings

Installation

- for installation on wall,
- D315 and below: concealed screw attachment in the inner collar,
- D355 and above: visible screw attachment in the frame.

Reference arguments

- AR 637 anodised aluminium circular wall-mounted outdoor grille
- Enables fresh air inlet or exhaust air outlet.
- D200
- Concealed attachment using screws in internal collar
- Rain guard vanes, pitch 20 mm.

Main characteristics

- circular grille,
- finish:
 - D315 and below: anodised aluminium,
 - D355 and above: rough aluminium.
- rain guard vanes with pitch of:
 - D315 and below: 20 mm,
 - D355 and above: 50 mm.
- galvanised steel 12x12 mm mesh bird screen included (from D355 up).
