

Transfer grille

11053793

Adapter F4 200X200

Product description

This galvanised steel adapter requires a mortar seal or a screw attachment in the masonry, to enable the attachment of outdoor grilles using clips. This also makes them easier to remove.

Fields of application

Multi-occupancy residential housing, New, Refurbishment, Non-residential buildings

Installation

- screw attachment or mortar seal into the wall,
- grille fixed in adapter using F3 friction clips.

Reference arguments

- Extruded aluminium frame, with horizontal extruded aluminium rain fins.
- 25 mm pitch between fins.
- Lower part comprising diamond mesh protective screen 10x30 Ø 0.8 mm.
- Anodised aluminium natural satin finish.
- Visible screw attachment in frame.

Main characteristics

- profiled except galvanised steel straps,
- supplied as kit of 4 elements to be assembled on site using connector tabs and grooves.
