BMF PLUG ALU - D250

The BMF aluminium male-female plug seals off an aluminium duct or accessory in commercial and multi-occupancy residential buildings.

Bouchon Mâle Femelle en aluminium

PRODUCT BENEFITS

- range compliant with gas CMEV requirements,
- suited to systems operating in saline atmospheres.

Product description

The BMF aluminium male-female plug is an aluminium duct accessory used to seal off an aluminium duct or accessory in commercial buildings and multi-occupancy residential buildings.

Fields of application

Multi-occupancy residential housing, New, Refurbishment, Non-residential buildings

Installation

- easy assembly of interlocking accessories: ducts are female, accessories are male,
- Final seal requires sealant and/or perforated strip,
- attached to duct using self-tapping screws (4 to 6 depending on diameter).
