

Plug**11015017**

Bahia shaft Ø 80/ 125

**Product description**

Shafts clip onto shaftless terminals for connection to existing 125 mm, 116 mm, or 100 mm ducts.

Fields of application

Multi-occupancy residential housing, Individual residential housing, New, Refurbishment

Installation

- the shafts are clipped onto shaftless terminals for connection to existing ducting, diameters 125 mm, 116 mm, or 100 mm.

Reference arguments

The shaft is an adapter inserted into D125 sleeves. It reduces the connection dimension from D125 to D80 mm.

Main characteristics
