ColorLINE® is an aesthetic fixed ventilation grille. With a choice of 15 colours, the ColorLINE® ventilation grille replaces your existing grilles.

ColorLINE® range

PRODUCT BENEFITS
• Multi-colour range - over 15 colour choices and a transparent panel for personalisation,
• adapts to all sleeves on the market,
• wall or ceiling mounted.

Principles of operation
The ColorLINE® fixed ventilation grille operates on air supply and exhaust (with Aldes MR control module).

Product description
The ColorLINE® fixed ventilation grille is designed for individual houses as well as new and refurbished multi-occupancy residential buildings. With a choice of 15 colours and 1 customisable plate, the ventilation grille replaces your existing grilles. It operates on both air supply and exhaust (with the Aldes MR control module).

Fields of application
Multi-occupancy residential housing, Individual residential housing, New, Refurbishment

Installation
• the ColorLINE® ventilation grille comprises two removable parts: ABS design cover plate and backplate bracket with dual polypropylene sealed connection,
• adapts to all sleeves on the market (Ø 80 for 70 to 78 mm and Ø 125 for 116 to 125 mm),
• clip-on cover plates can be changed quickly,
• 1 design plate for all grille diameters,
• adjustable air diffusion using the deflector (included) clipped on the backplate bracket,
• wall or ceiling installation,
• compatible with OPTIFLEX, MINIGAINE and ALGAINE.

Main characteristics
• ColorLINE® fixed ventilation grille,
• air supply and exhaust(with Aldes MR control module),
• available in 2 diameters: Ø 80 mm and Ø 125 mm,
• Ø 80 offers airflow of 15 - 60 m3/h,
• Ø 125 offers airflow of 45 - 135 m3/h,
• easy to maintain.
