## EASYHOME AUTO + BIP grilles kit

EasyHOME AUTO is a silent, easy-to-install unidirectional ventilation unit that blends seamlessly into all interiors.

Kit with grilles BIP

Group top view

### PRODUCT BENEFITS

- automatic air renewal
- very quiet: as low as 14 dB(A),
- 78% recycled plastic.

### REGLEMENTATIONS AND COMPLIANCES

Identification no. QB37 : NA  
Technical Opinion no. : NA

### Principles of operation

EasyHOME AUTO renews the air in your dwelling 24/7 with 2 operating modes: AUTO mode delivering constant airflow for each ventilated room and a BOOST mode which automatically activates high speed in the kitchen via an inverter.

### Product description

EasyHOME AUTO is a self-balanced unidirectional ventilation solution that automatically controls exhaust airflow and delivers constant air renewal throughout the dwelling on a daily basis.

A BOOST mode for the kitchen can also be activated manually.

When associated with ColorLINE® ventilation grilles, EasyHOME AUTO blends seamlessly into any interior decor.

EasyHOME AUTO can be installed in an attic.

### Fields of application

Individual residential housing, Refurbishment

### Installation

- suspended attachment in attic with cord supplied,
- can be mounted on a vertical wall using the optional wall mounting kit: centreline pitch 95 mm,
- quick-connect electrical terminal block,
- flexible ducts connected directly to the unit,
- optional EasyCLIP Algaine accessories available.

### Reference arguments

#### • Application:

- Individual residential,
- Unidirectional ventilation systems,
- Refurbishment,
- New system or replacement of existing ventilation system,
- Connects 1 kitchen and up to 4 bathrooms/WC.

#### • Description:

- ATTIC unit made of recyclable plastic material: 1 x Ø125 connection for kitchen, 4 x Ø80 connections for bathroom/WC, 1 x Ø160/125 outlet,
- Exhaust airflow rates automatically controlled at each connection using kitchen, bathroom and WC controllers,
- 2-speed AC motor
