

Modulo accessory kit**11026038****EasyHOME AUTO kit with Netatmo**

EasyHOME AUTO COMPACT with Netatmo is an air exhaust ventilation solution with wireless control, ready to install, silent, and extra flat.

**PRODUCT BENEFITS**

- installation and wireless control of CMEV using the pre-paired radio control,
- very quiet: as low as 12 dB(A),
- 77% recycled plastic.

REGULATIONS AND COMPLIANCES

Identification no. QB37 : NA
 Technical Opinion no. : NA

Principles of operation

Save time with EasyHOME AUTO with Netatmo with the ultra-fast integration of the BOOST control: no wires to pull, simply place the control in the desired location. EasyHOME AUTO COMPACT with Netatmo renews the air in your dwelling 24/7 with 2 operating modes: AUTO mode delivering constant airflow for each ventilated room and a BOOST mode which automatically activates high speed in the kitchen via an inverter or a Céliane remote control with Netatmo co-developed with Legrand.

Product description

EasyHOME AUTO COMPACT with Netatmo is a self-balanced exhaust ventilation solution that automatically controls exhaust airflow and delivers constant air renewal throughout the dwelling on a daily basis.

A KITCHEN BOOST mode can be activated and deactivated manually using the Céliane wireless control with Netatmo by Legrand.

When associated with ColorLINE® ventilation grilles, EasyHOME AUTO COMPACT with Netatmo blends seamlessly into your interior decor.

EasyHOME AUTO COMPACT with Netatmo is suitable for installation in the attic or in a small space in the dwelling, for example in a technical ceiling or equipment room.

Fields of application

Multi-occupancy residential housing, Individual residential housing, Refurbishment

Installation

- Installation in attic or technical ceiling,
- 2 fastening screws only: centreline 406 mm,
- built-in anti-vibration strips,
- quick-connect electrical terminal block,
- flexible ducts connected directly to the unit,
- optional EasyCLIP Algaine accessories available.

Modulo accessory kit**11026038****EasyHOME AUTO kit with Netatmo****Reference arguments**

• Application:

- Individual residential,
- Unidirectional ventilation systems,
- Refurbishment,
- New system or replacement of existing ventilation system,
- Connects 1 kitchen and up to 4 bathrooms/WC.

• Description:

- COMPACT unit made of recyclable plastic: 1 x Ø125 kitchen connection, 4 x Ø80 bath/WC connections, 1 x Ø160/125 discharge,
- Supplied with a micro-module kit and wireless control for Céliane CMEV with Netatmo by Legrand,
- Micro-module must be wired to the CMEV unit at the time of installation,
- Micro-module and wireless control pre-paired in the factory and ready for installation, providing remote control of AUTO mode (low speed) and BOOST mode (high speed) on the EasyHOME unit,
- Exhaust airflow rates automatically controlled at each connection using kitchen, bathroom and WC controllers,
- 2-speed AC motor
- Wireless controller supplied with 1 x CR2032 3V battery (8-year lifetime), LED low battery indicator, wireless band 2.4 GHz. Screwed or glued attachment using the 2 re-positionable adhesive pads provided,
- Ventilation kit can be connected using the Legrand «... with Netatmo» connected starter pack: remote control, schedule creation, voice control with Legrand's Home+Control App.

Main characteristics

- COMPACT unit made of recyclable plastic,
- connections on unit for 1 kitchen and up to 4 bathrooms/WC:
 - 1 x Ø 125 mm connection for kitchen,
 - 4 x Ø 80 mm connections for bathroom/WC,
 - 1 x Ø 160/125 mm outlet using adapter supplied.
- exhaust airflow automatically controlled at each connection via the kitchen auto amplifier and bathroom/WC controllers,
- installation symbols on the unit and accessories,
- 2 operating modes: AUTO mode and KITCHEN BOOST mode,
- 2-speed AC motor,
- kit delivered with 3 ColorLINE® ventilation grilles, a micro-module kit + wireless remote control for Céliane CMEV with Netatmo by Legrand:
 - wireless control powered by a button battery (estimated lifetime: 8 years).
 - micro-module must be wired to the CMEV unit at the time of installation,
 - micro-module and wireless control pre-paired in the factory and ready for installation, providing remote control of low and high speeds on the EasyHOME unit,
 - can be connected using the Legrand «... with Netatmo» connected starter pack: remote control, schedule creation, voice control with Legrand's Home+Control App.

Supplementary characteristics

- AUTO mode:
 - daily operating mode,
 - low-speed ventilation.
 - constant air renewal, adapted to each ventilated room.
- KITCHEN BOOST mode:
 - high ventilation speed in kitchen.
 - manual control via the Céliane wireless control for CMEV with Netatmo by Legrand,
 - humidity and mealtime odours are rapidly removed.
