

Non-return flap

11024457

Flexible sleeve 180

Product description

This sleeve attenuates the transmission of vibrations to the circular duct.

Fields of application

Multi-occupancy residential housing, New, Refurbishment, Non-residential buildings

Installation

Screw attachment (x6) to roof fan or other circular accessories.

Reference arguments

Application:

- Reduces transmission of vibrations between the duct and TAHA/TAVA roof fan or other circular accessories

Description:

- Flexible sleeve diameter 180 mm galvanised steel with plastic band (PES)
- Resistant up to 75°C
- Screw attachment (x6)

Main characteristics

- galvanised steel with plastic band (PES),
- temperature up to 75 °C.
