

Heat and smoke exhaust opening and flap

11069091

Flexible sleeve MS Pro rectangular 610x410 mm VEX440 VEX540

Product description

This flexible sleeve makes installation easy by transforming the rectangular duct to a circular duct while separating the unit from the ducting system to reduce the transmission of vibrations.

Fields of application

Multi-occupancy residential housing, New, Refurbishment, Non-residential buildings

Installation

- the flexible sleeves can be installed on air supply, extract, outlet or intake sections,
- compatible with air inlet and outlet dampers.

Main characteristics

- glass fibre fabric, PE coated, with MO fire certification,
- TPE peripheral seal on the rectangular section,
- EPDM seal on the circular section, held by the insertion of a metal ring,
- galvanised steel frame Z275.
