

Heat and smoke exhaust opening and flap

# 11068348

## Flexible sleeve MS Pro rectangular/circular insulated VEX620 D315

### Product description

This flexible sleeve is insulated to reduce heat losses and makes installation easy, by transforming the rectangular duct to a circular duct while separating the unit from the ducting system to reduce the transmission of vibrations.

### Fields of application

Multi-occupancy residential housing, New, Refurbishment, Non-residential buildings

### Installation

- the flexible sleeves can be installed on air supply, extract, outlet or intake sections,
- compatible with air inlet and outlet dampers.

### Main characteristics

- glass fibre fabric, PE coated, with M0 fire certification,
- TPE peripheral seal on the rectangular section,
- EPDM seal on the circular section, held by the insertion of a metal ring,
- galvanised steel frame Z275.
