GFA 007 grille OPTONE®

Product description

The GFA 007 grille is fixed directly to OPTONE "Classic» 1-flap/2-flap smoke control damper to protect and decorate it. The grille features a peripheral frame which fully covers the damper. The GFA 007 grille has a removable core, locked in place with the clever 007 clip. It can also be used to suspend the vane core to make resetting the smoke control damper easier.

Fields of application

New, Refurbishment, Non-residential buildings

Installation

- surface-mounted on OPTONE "Classic" damper,
- 4 screws supplied.

Main characteristics

- removable fin core can be locked using the 007 clip,
- fin core can be suspended using the 007 clip,
- horizontal aluminium fins (25 mm pitch),
- free air passage $\geq 91.3\%$,
- finishes:
 - anodised aluminium finish as standard,
 - high-resistance epoxy paint possible depending on RAL colour desired,
 - ALDES ARCHITECT finish: metallic paint finish or patterned (wood, stone, etc.),
- possible to insert a filter to prevent penetration of dust via the VB air intake damper.
