

**Fire damper****11043135****ISONE® 2.1 FTE70 Ø 315 mm**

ISONE® 2.1 dampers are simple to select: a single model for all partitions and all fire resistance levels.

**PRODUCT BENEFITS**

- Single damper model for all partitions: easy to select
- Ergonomic quick reset handle: 2 seconds suffice.
- Optional stainless steel pin for harsh environments
- Optional remote control box, 0,7 m or 3 m cord

**REGLEMENTATIONS AND COMPLIANCES**

PV CE number : 1812-CPR-1837

**Principles of operation**

- The damper is open in standby position.
- It opens when instructed by the FACP or thermal rod and moves into safety position (closed).
- Being motorised, it can be reset remotely.

**Product description**

Fire dampers for non-residential buildings (public access building, high-rise)

They restore the fire resistance of partition walls crossed by a ventilation duct.

Equipped with 70°C fusible link trip device by default

Controllable by electromagnetic coil trip device: 24/48 V DC current emission; 24 V DC or 48 V DC current break

Reset motor 24/48 V DC

Fire resistance up to 120 minutes on all common partition walls.

**Fields of application**

New, Refurbishment, Non-residential buildings

**Installation**

- Mortar-free installation on lightweight walls, even with post-fitted frame
- Flush-mounted installation on:
  - Concrete and aerated concrete wall/slab
  - Plaster block wall
  - Type A plasterboards (1h) and type F (2h)
- Remote installation on PROMAT / GEOSTAF
- Positioned on lightweight walls using installation brackets
- EXAP EN 15882-2:2015, rules X.45 and X.46: extended opening dimensions
- Respect the fire rating reports when installing

**Main characteristics**

- Certified and compliant with NF S 61937-5 and NF 537
- CE marked as per EN 15650: 1812-CPR-1837
- Class C airtight properties as per EN 1751 as standard
- EI 120 S - 500 Pa on concrete / aerated concrete walls and slabs, type F plasterboard, remote installation on PROMAT / Geostaff
- EXAP EN 15882-2:2015, rules X.45 and X.46.
- Range from D100 mm to D900 mm

Fire damper

# 11043135

## ISONE® 2.1 FTE70 Ø 315 mm

### Supplementary characteristics

- Fully upgradable mechanism
- Single damper adaptable to all walls
- Lightweight wall installation with post-fitted frame
- Reset handle indicating damper position
- Large electrical connection box
- Optional stainless steel pin for harsh environments
- Optional remote control unit
- Low pressure loss

### Accessories

| Désignations   | Variants |
|--|----------|
| Remote box 0.7 m for FDCU1 limit switch and current make coil ISONE®2.1 PM small     | 11043324 |
| Remote box 3 m for FDCU1 limit switch and current make coil ISONE®2.1 PM small       | 11043325 |
| Adapter lead kit control pack ISONE®2.1 PM small                                     | 11043339 |
| Remote box 0.7 m for FDCU1+2 limit switches and current make coil ISONE®2.1 PM small | 11043396 |
| Remote box 3 m for FDCU1+2 limit switches and current make coil ISONE®2.1 PM small   | 11043397 |

### General data

| Variants | Free air passage section (dm²) |
|----------|--------------------------------|
| 11043135 | 6,93                           |

### Dimensional data

| Variants | A (mm) | B (mm) | L (mm) | Ø (mm) | Ø D (mm) | Weight (kg) |
|----------|--------|--------|--------|--------|----------|-------------|
| 11043135 | 127    | 40     | 420    | 315    | 315      | 5,6         |

- ISONE® 2.1 PM: D100 to D500
- ISONE® 2.1 GM: D560 to D900
