- EasyVEC Compact mounting kit
- filter clogging detection kit
- EasyVEC MW Constant pressure air supply kit

Fields of application

Multi-occupancy residential housing, New, Refurbishment, Non-residential buildings

Installation

0

Reference arguments

The modbus remote control for EASYVEC C4 ULTRA and ULTIMATE 400 to 4000 m³/h establishes a remote interface for the unit (for example in a utility room) using wired modbus communication. When the remote control is connected, the main unit interface is disabled. The remote control is powered directly by the modbus harness from the unit (harness not included).
