Pack of 3 clips A842 D200

Product description

Set of clips for easy installation of A 842 circular adjustable diffusers in fixed plaster or BA13 ceilings. A safety cable for attachment to the ceiling slab is supplied.

Fields of application

New, Refurbishment, Non-residential buildings

Installation

- install the clips opposite the diffuser tubes,
- apply slight pressure to the clips,
- drill a Ø 5.5 mm hole in the diffuser neck to insert the safety cable,
- attach the cable to the diffuser and to the ceiling slab,
- insert the diffuser into the ceiling, compressing the clips.

Main characteristics

- 3 or 6 clips according to the diameter of the diffuser,
- safety cable included.
