ProtectONE® TA 450 1SP

ProtectONE® TA 1SP is an F400-120 1-speed smoke and heat exhaust box fan for commercial and industrial premises.

Smoke exhaust unit ProtectONE T

PRODUCT BENEFITS

- easy airflow adjustment with the exclusive ProtectONE® Adapt device,
- can be fully dismantled as standard,
- thermal insulation for installation in equipment rooms.

REGLEMENTATIONS AND COMPLIANCES

PV CE number : 1812-CPR-1548

Principles of operation

When commanded by the FACP, the safety box will activate ProtectONE® T in smoke exhaust mode to extract smoke. The box will then switch to “default” mode, then “standby”.

Product description

ProtectONE® TA 1SP is an F400-120 1-speed smoke and heat exhaust box fan for commercial and industrial premises. It features a belt-driven forward curve impeller. The ProtectONE® Adapt adjustment device can adjust the exhaust airflow easily at any time.

Fields of application

New, Refurbishment, Non-residential buildings

Installation

- indoors or outdoors,
- indoor installation: use thermal-acoustic insulation option (EN 12101-3),
- outdoor installation: use rain hood + bird screen,
- proximity switch supplied fitted and wired, with position contacts.

Main characteristics

- complies with CE marking 1812-CPR-1548,
- certified EFECTIS F400-120 as per EN12101-3,
- safety box compliant with NF standards (NF S61-937-1, NFS61937-9, NF 537),
- belt-driven exhaust box fan,
- 9 models for airflow from 1,000 to 40,000 m³/h,
- single-speed motor generating 1.1 kW to 22 kW,
- balanced forward curve impeller,
- adjustable pulley,
- class F electric motor, IP55,
- galvanised steel casing, can be dismantled as standard,
- motor access panel adjustable on site,
- proximity switch fitted in factory,
- built-in airflow adjustment device: ProtectONE® Adapt (patented system) optional,

Supplementary characteristics

- accessories:
 - square/circular adjustment plate for intake,
 - rain hood anti-bird visor on outlet,
 - rectangular and circular flexible sleeve,
 - rectangular/circular flexible adapter part on outlet,
 - anti-vibration mountings,
 - backdraft damper,
 - rain hood + grille,
 - outlet flange,
 - AXONE 1SP safety box, 1-speed progressive start,
 - AXONE 2SP safety box, 2-speed smoke exhaust and comfort + smoke exhaust.
- available options:
 - "All-in-One" solution: safety box + switch + pressure switch installed and wired in factory,
 - choice of motor access panel,
 - horizontal or vertical outlet,
 - thermal + acoustic insulation certified 12101-3 for installation in equipment rooms,
 - variable pulley,
 - ProtectONE® Adapt (patented): rapid airflow adjustment.

Curve

Aeraulic properties ProtectONE® TA 450 - 1SP

> curves as per NF EN ISO 5801 :

- ducted intake, open outlet,
 - Ptot: Total pressure,
 - Pd intake. : dynamic pressure in duct on intake,
 - ΔP ducted outlet: higher pressure with ducted outlet rather than open outlet.
- > see ProtectONE TA 225 on use of curves.
