

Connector

11094131

RM GALVA - D710

The male connector connects two galvanised ducts together.

Raccord Mâle

Product description

The male connector connects two galvanised ducts together.

Fields of application

Multi-occupancy residential housing, New, Refurbishment, Non-residential buildings

Installation

- easy assembly of interlocking accessories: ducts are female, accessories are male,
- Final seal requires sealant and/or perforated strip,
- attached to duct using self-tapping screws (4 to 6 depending on diameter).

Reference arguments

Application:

- Connects two ducts of same diameter together in non-residential and multi-occupancy residential systems

Description:

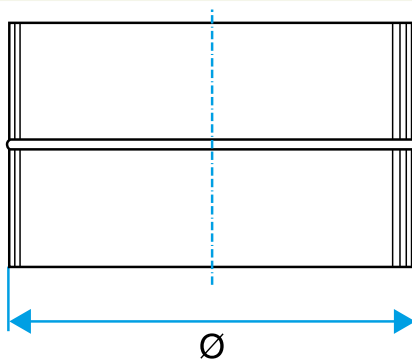

- Galvanised steel connector diameter 710 mm

Main characteristics

- available in diameters from 80 to 900,
- galvanised steel as per EN 10346 ensuring uniformity of coating,
- M0 fire certification.
