

Plastic ductwork accessory

# 11144404

## TRIM KIT OPTONE 1F

### Product description

The trim kit is used to hide the interior of smoke control dampers and to secure them by limiting access to sensitive parts. It is compatible with all OPTONE 1f-2f dampers, whether motorised or not.

### Fields of application

Multi-occupancy residential housing, New, Refurbishment, Non-residential buildings

### Installation

- trim kit installed directly on the OPTONE smoke control damper.

### Main characteristics

- galvanised finish or selection of RAL colour.
