Thermal-magnetic circuit breaker 20A-25A

**Product description**

- thermal-magnetic protection of motor against current surges and short circuits,
- protection against phase faults.

**Fields of application**

Multi-occupancy residential housing, New, Refurbishment, Non-residential buildings

**Installation**

- compatible with all single-phase and 3-phase single-speed fans (depending on the max. current consumed).

**Main characteristics**

- thermal-magnetic circuit breaker,
- IP55 box for surface mounting,
- variable current range (thermal protection),
- supplied with 2 cable glands and connection instructions.
