

InspirAIR® post-heating coil

11069036

VEX550 rain hood

### Product description

Indispensable accessory for outdoor installation. The rain cowl prevents rain from entering the unit by protecting the air inlet and outlet if they are not ducted.

### Fields of application

Multi-occupancy residential housing, New, Refurbishment, Non-residential buildings

### Installation

- rain hoods can be attached to the opening frame, to a damper or to a rectangular duct,
- rain hoods are supplied with M8 screws and a self-adhesive EPDM seal 10x20 mm for application on the rain hood flange to ensure structural air tightness.

### Main characteristics

- pre-coated steel RAL 9006.
